

The background of the slide features a series of flowing, wavy lines in various shades of green, ranging from light lime to a darker forest green. The lines are smooth and curved, creating a sense of movement and organic flow. They are set against a white background, which makes the green colors stand out.

## Our current top Ten Active Projects

- **Seven Islands**
- **Buried Utilities**
- **LCEC / City Issue**
- **D&D Boat ramp**
- **Bike Lanes**
- **New Shoreline & Marine Initiatives**
- **Estuary Sustainment / Tidal Creek restoration**
- **Spreader speeding**
- **UEP**
- **BSR Widening**

## Projects on hold or completed are:

- NW Spreader Ceitus Barrier
- Dredging
- Manatee zone
- RV Resort
- Modular Homes
- Road Paving

## PROBLEM:

We have several open committee chairperson spots and no clear path to filling the vacancies.

Resources in quantity and capability do not exist to tackle all the initiatives affecting Northwest Cape Coral.

## QUESTIONS:

Without additional resources, what do we take off the list?? New projects – how do we handle?

- Seven Islands
- Buried Utilities
- LCEC / City Issue
- D&D Boat ramp
- Bike Lanes
- New Shoreline & Marine Initiatives
- Estuary Sustainment / Tidal Creek restoration
- Spreader speeding
- UEP
- BSR Widening

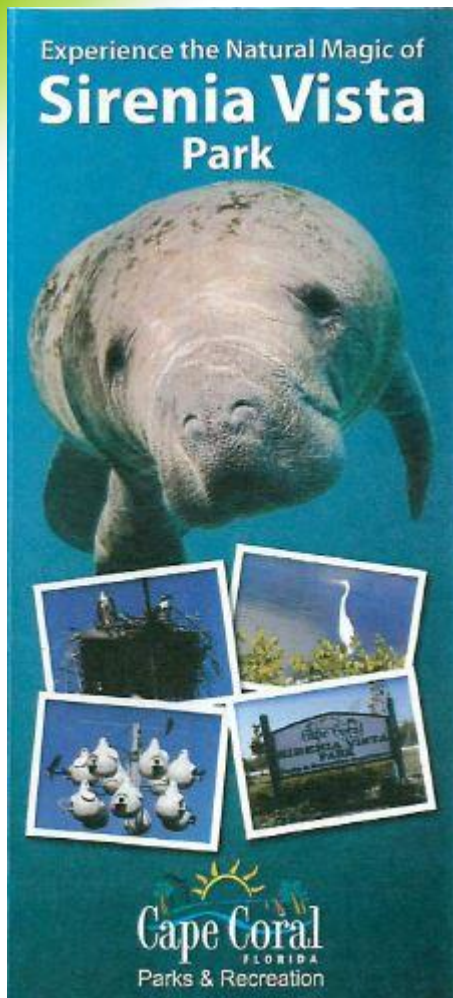

# Duties of Secretary

- Records minutes for Board of Directors, Association and Special Meetings.
- Maintains attendance records for all meetings.
- Prepares any correspondence needed for the association.

## Duties of Parks Chairperson

- Schedule and hold meetings with the Parks committee members.
- Involvement in overseeing our current parks (Joe Stonis, Sirenia Vista, and Jim Jeffers). In addition to being on NWWA's board of directors, you will also interact with city officials on park related issues as well as future parks within our boundaries.

## Duties of Transportation Chairperson

- The Transportation Committee is responsible for communicating and influencing all issues related to how our members move around in our membership boundaries. By moving around, we mean driving (Paving and Roadway improvements?), Bicycling (Bike Paths?), Walking (Pedestrian Walkways?), etc. the expectation is to inform members on these issues and influence the city to make decisions that benefit our members. Moving around inside the waterways is excluded. That falls under the Marine Committee.
- Schedule and hold meetings with the Transportation committee members. Is on Nwana's Board of Directors.
