

## NWNA Action Alert

There is currently a Bill, **HR-2552**, in the US House of Representatives, that is titled **The Senior Citizens Tax Elimination Act.**

This bill will amend the IRS Tax Code to repeal the inclusion of **Social Security Benefits** into your gross income.

This bill is currently co-sponsored by only one Florida Representative, House Rep. Ron DeSantis.

We need to contact our US House Rep. Francis Rooney, to also co-sponsor this bill.

We also need to contact our two Florida US Senators, Senator Rubio and Senator Nelson, to request their support for this important piece of Legislation.

According to their staff, the preferred method is visiting each of their respected websites and send your opinion's through the contact link. That is a direct route to each of the legislator's hands.

Their contact info is as follows:
